PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.

ORDER No. L. 3024-31—L.B. 26-26-83, DATED
12TH NOVEMBER 1926.

Under Section 20 of the Mysore Village Panchayat Regulation, II of 1926, the duty of providing supply of water for domestic use devolves on the Panchayats to be inaugurated from the 1st February 1927, and forms one of their obligatory duties towards which they should make adequate provision, within the limits of the funds at their disposal. In order to satisfactorily carry out the requirements of each Panchayat, Government are pleased to direct that Amildars of taluks and Deputy Amildars who will be immediately responsible for the supervision and control over the Panchayats, should maintain in their offices, a ledger containing complete list of villages with and without drinking water draw wells, the condition of the existing wells and the action taken from time to time to supply wells in villages where no wells exist at present.

A definite programme of wells to be constructed from year to year should be drawn up and submitted to the Deputy Commissioners by the end of January 1927 and the Deputy Commissioners will consolidate the demands of the several taluks and submit the total demand for each district under Drinking Water Wells so as to reach Government before the end of February 1927, with a view to enable Government to settle the provision required to be made in the State Budget under this head during each year.

Cases wherein estimates are ready and which would be taken up and completed in the year alone should be entered in the programme. Special attention should be paid to hattis or villages occupied by Adikarnatakas or Adidravidas. The Sub-Division Officers and Deputy Commissioners should also include wells in the items of works to be inspected by them during the tours.

A half-yearly progress report of drinking water wells in each taluk should also be submitted by the Amildars to the Deputy Commissioners who will send a consolidated report to Government at the end of every year.
